

Here is a "Sefty Zone"
which we have established.
Lull place. I don't want any
foreign forces to trespass on.

The trader of deth..... I heard a
rumour that you are a party man of
NSDAP.

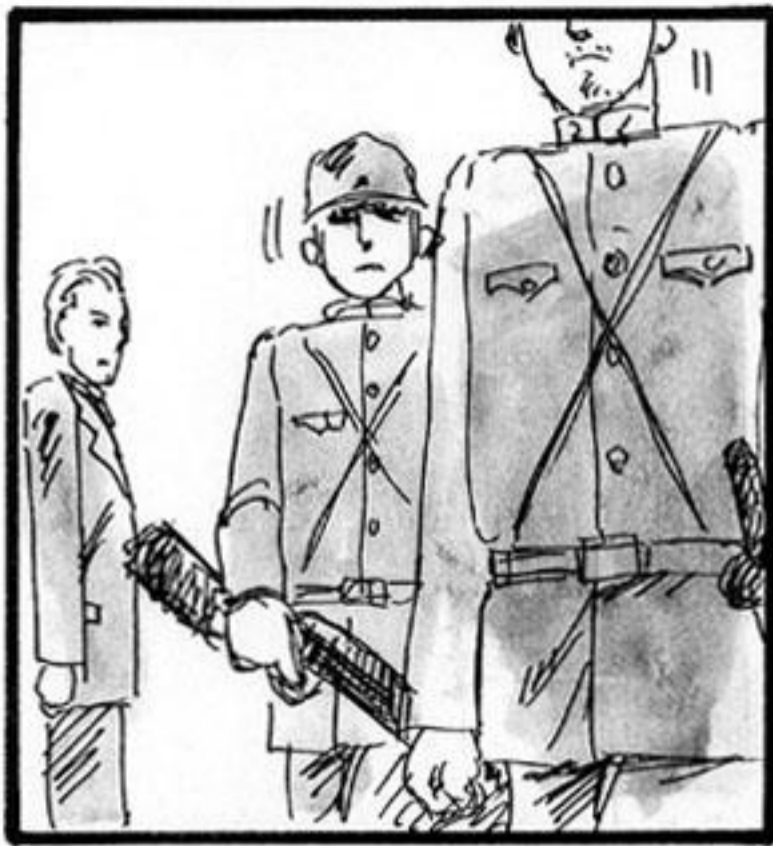

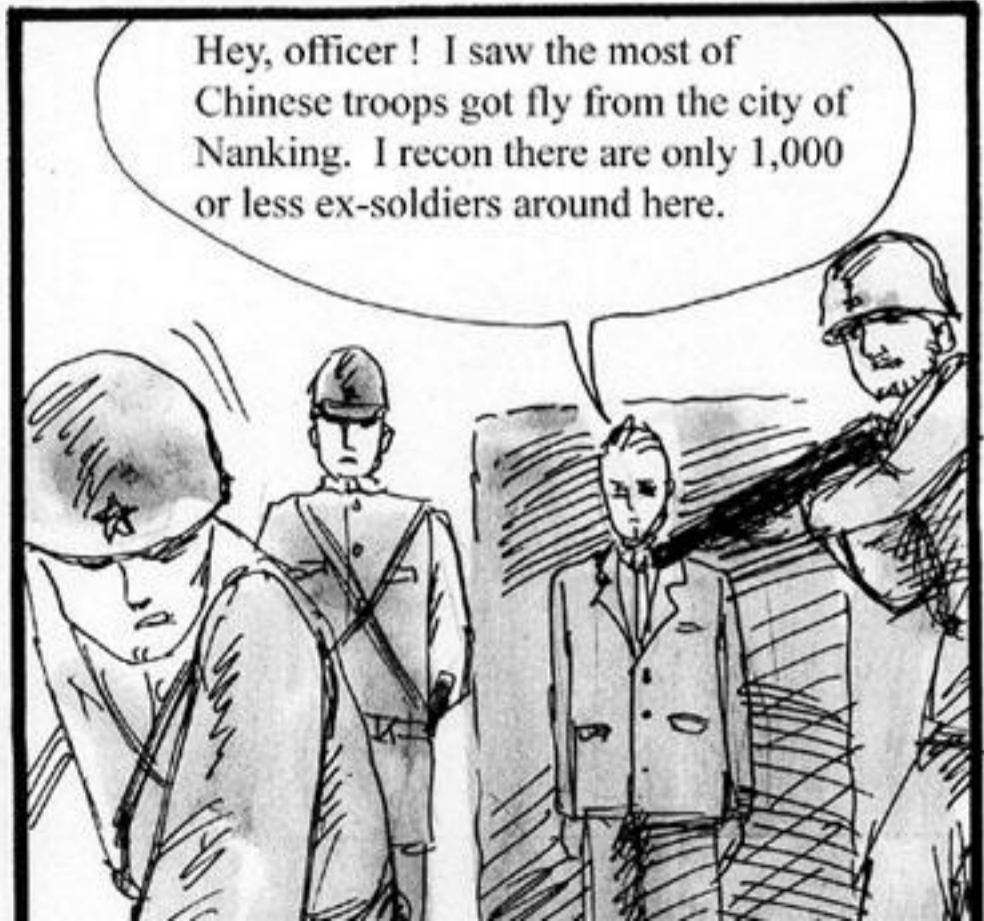

Yes, of course I'm a member of Nazi. That is
no news. I wonder why a number of Japanese
officers go to German to study every year
while no German officer go to your country
to study. Is it an unrequited love ?

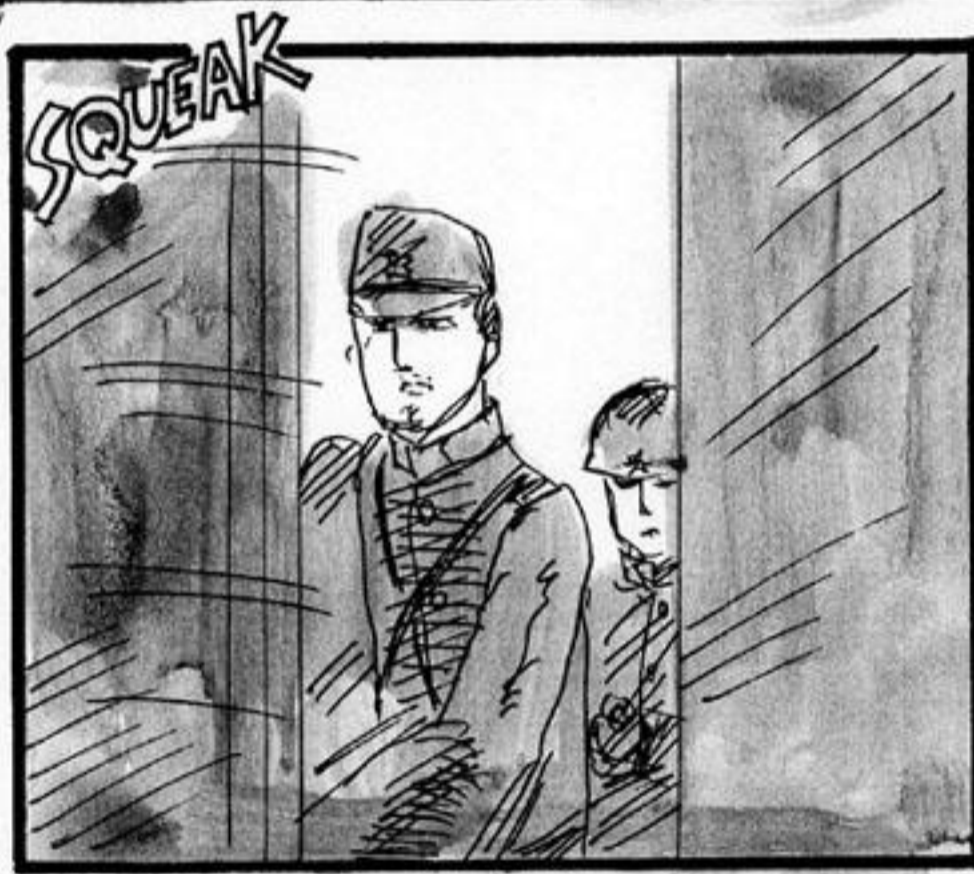

You know the defeated Chinese men
are gun-toting marauders in every
knight. And their base camp is in the
"Safty Zone".

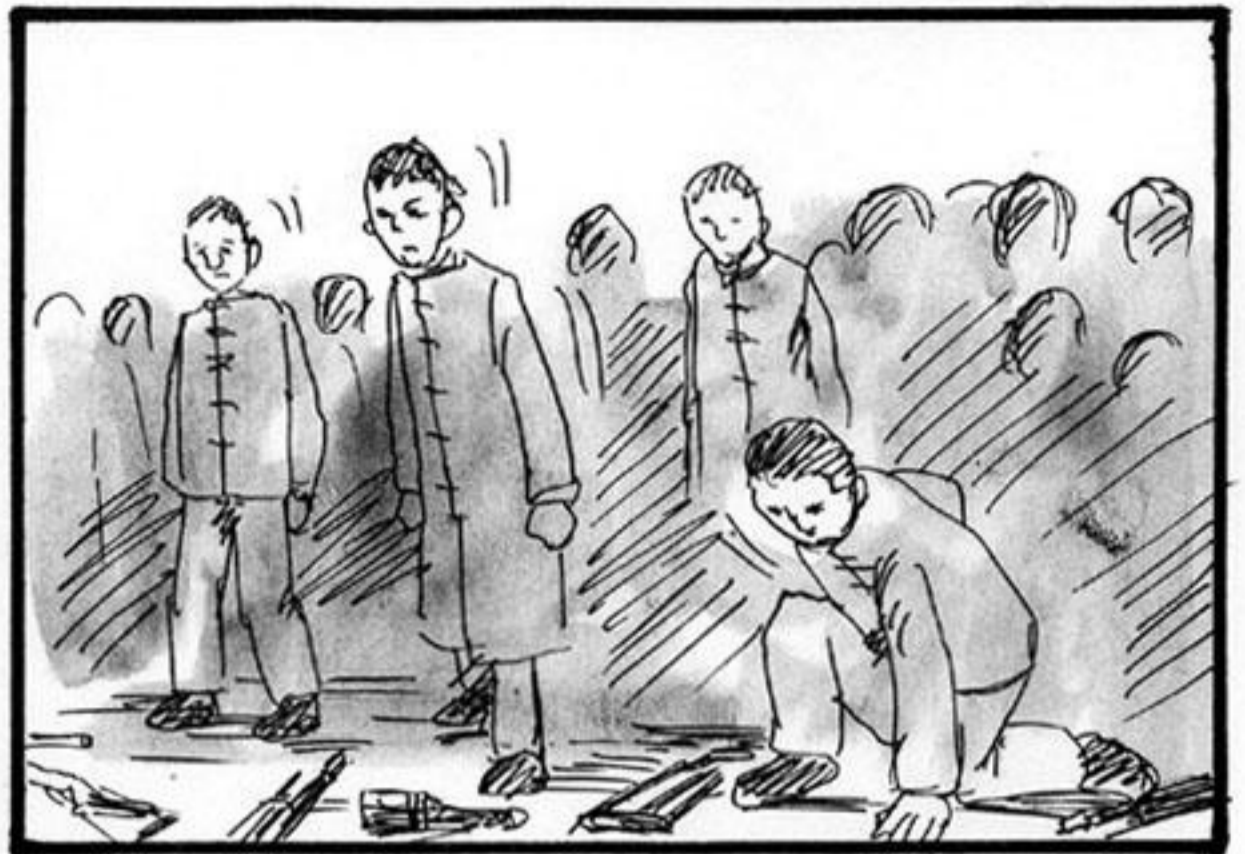

I care the deserters wearing plainclothes inside the walls of Nanking. There are still thousands of chinese remnants and plainclothes with offensive posture in the center of the fallen city ! I just don't belive this. They conceal grenades and pistols imported from Germany.

We don't let you
retaine
sancturaries !

See their eyes. So you can
distinguish the most destitute
from soldiers.

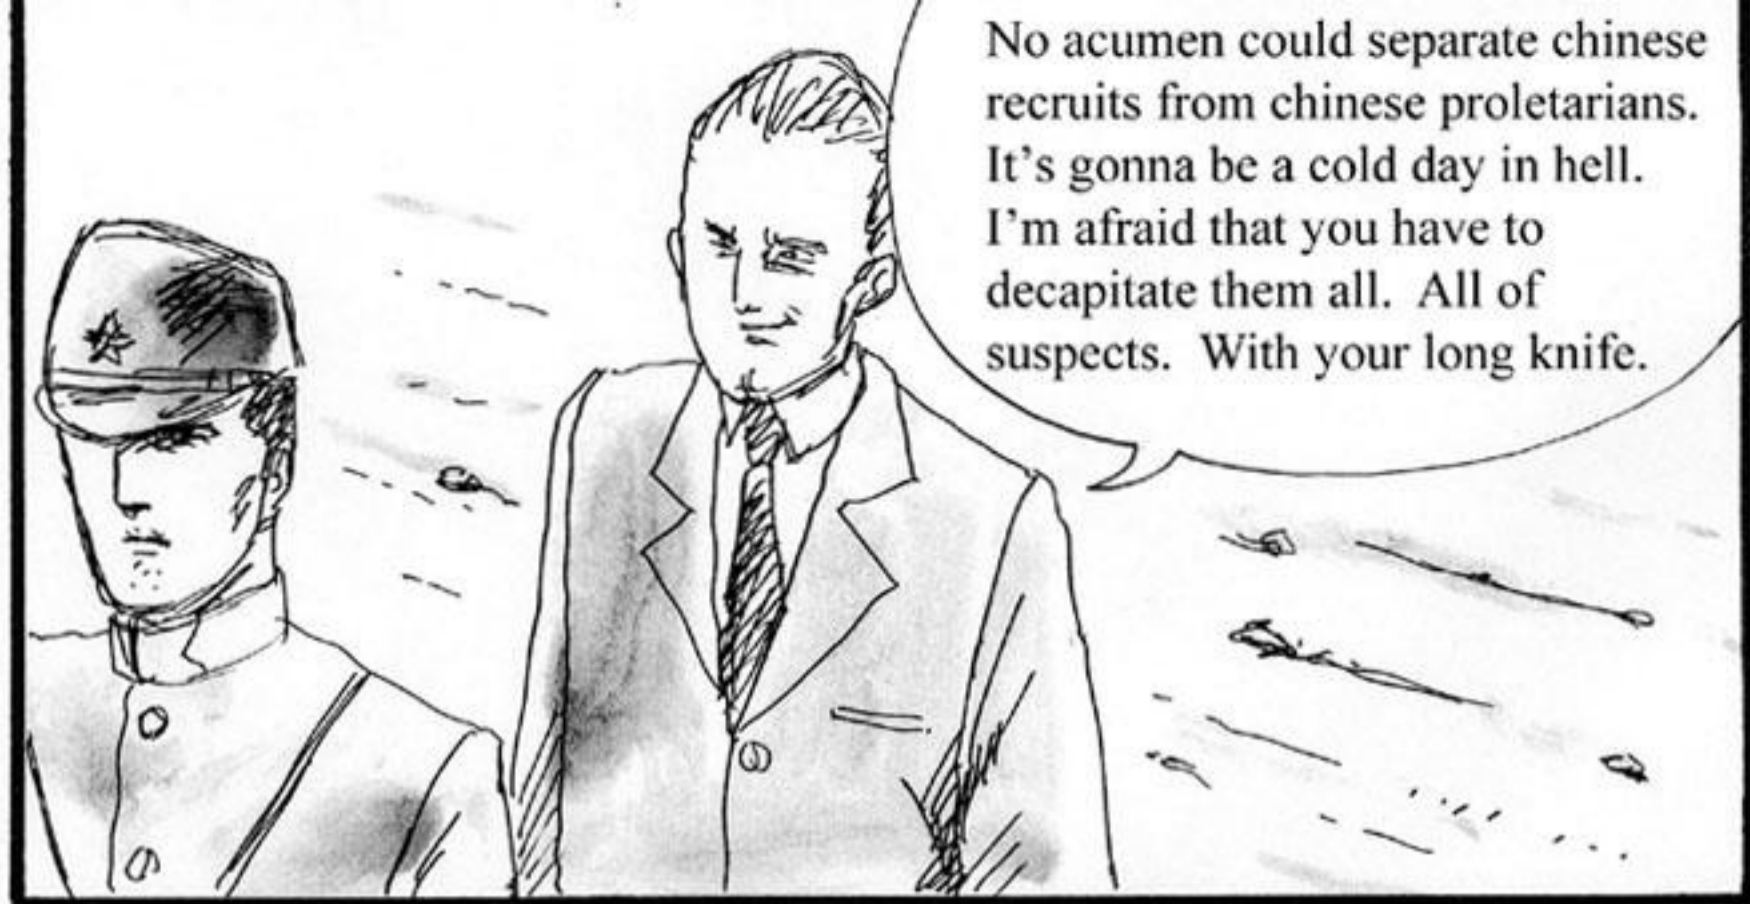

It's gonna be an embarrassing
controversy for your country henceforth
and forevermore. German may be
hostail to Japan. Are you all right ?

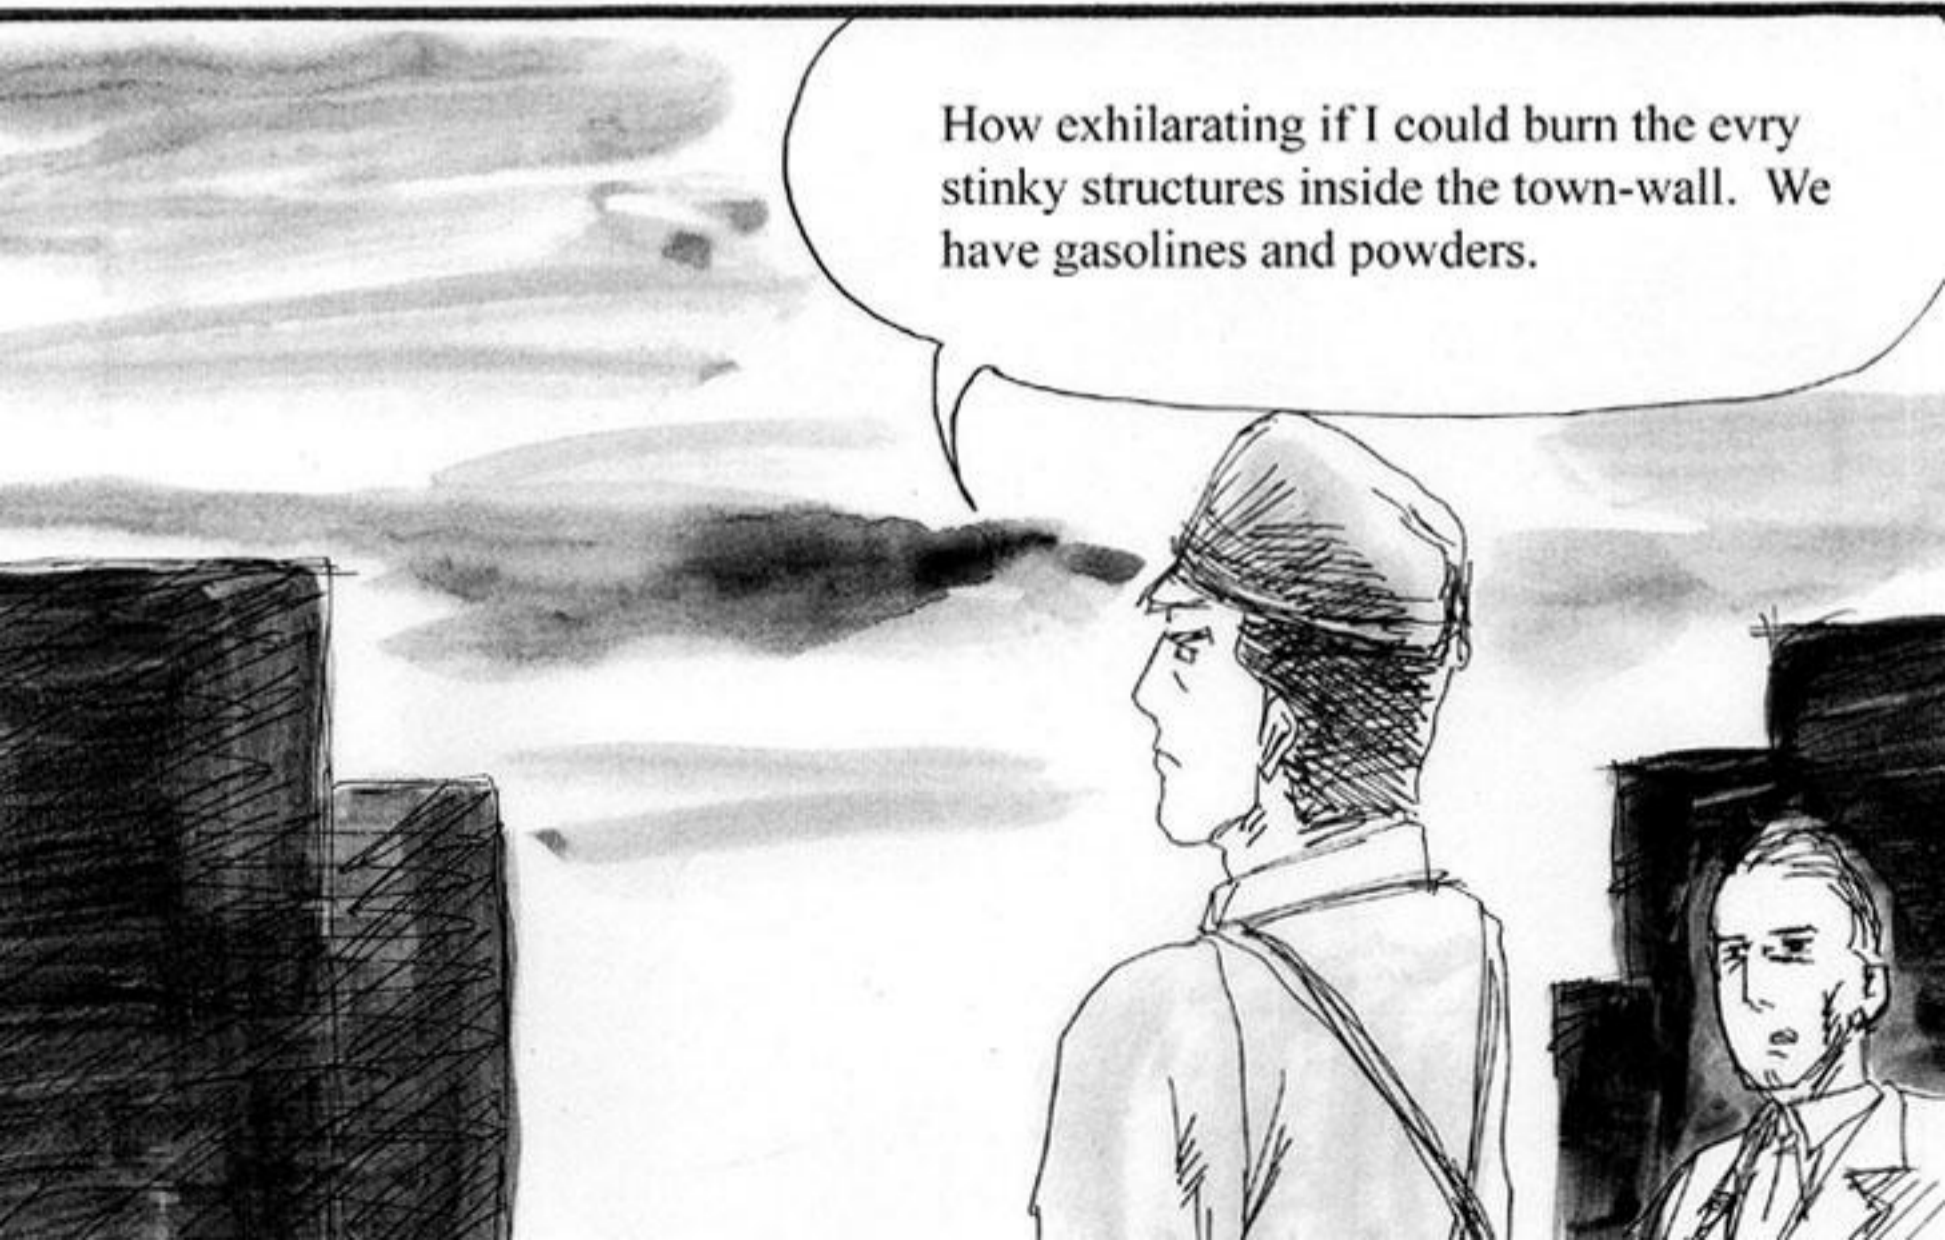

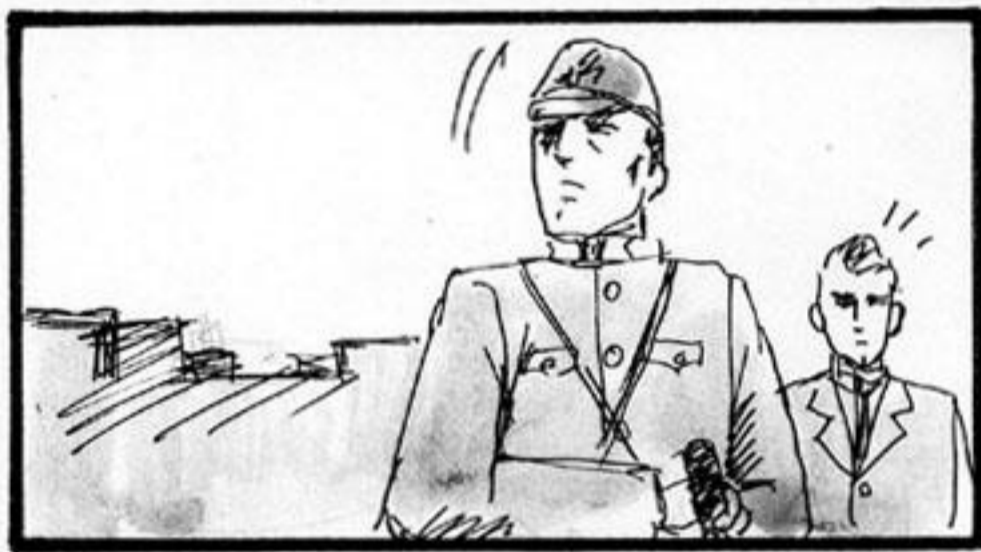

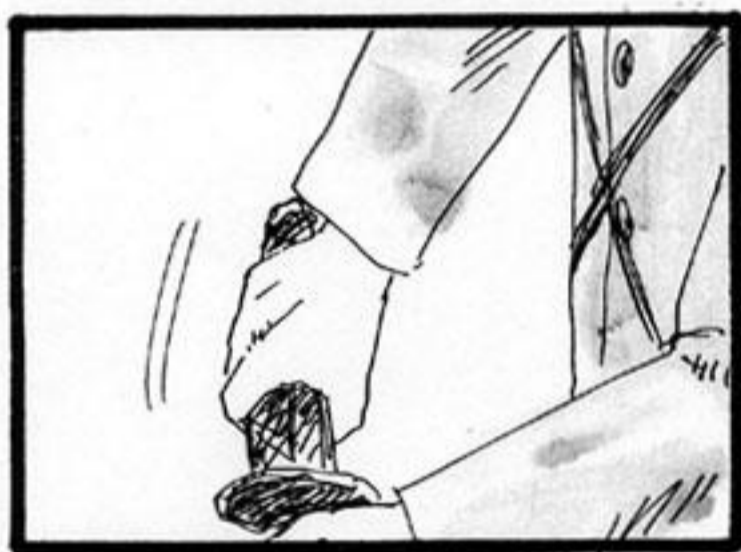

No man is a hero to his captives. Only
with the greatest reluctance, I have to
separate infiltrators from inhabitants.
Mopping-up is the first requisite to cordon
a vicious cycle off.

No acumen could separate chinese recruits from chinese proletarians. It's gonna be a cold day in hell. I'm afraid that you have to decapitate them all. All of suspects. With your long knife.

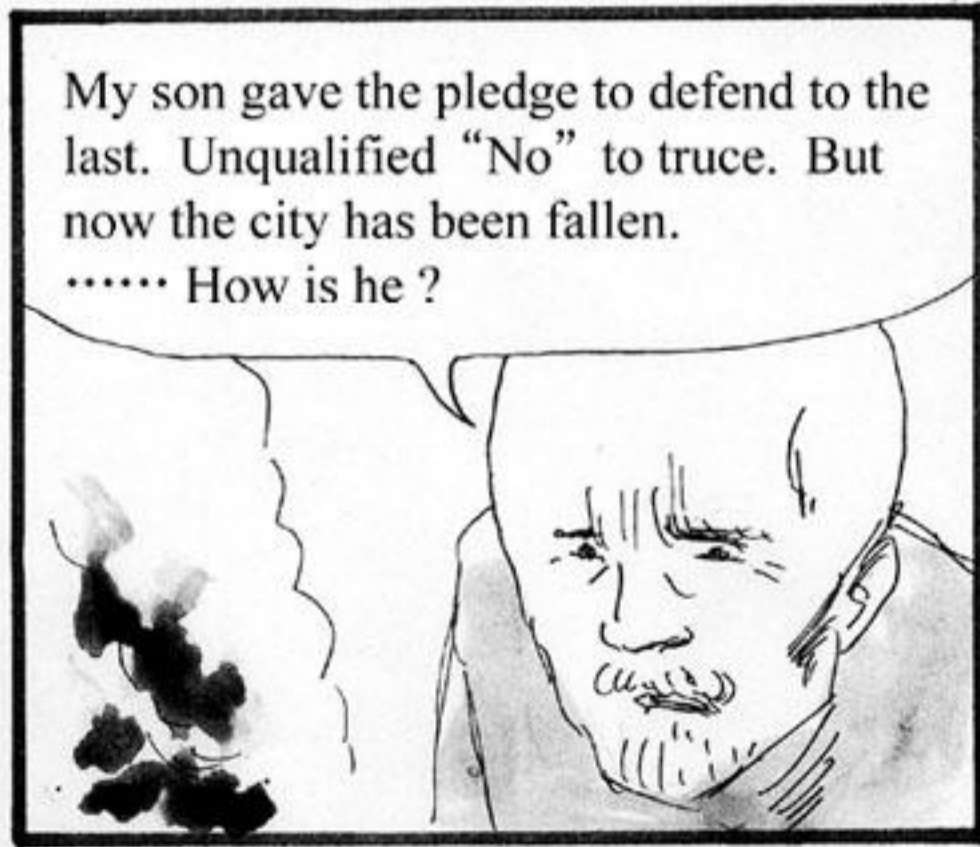

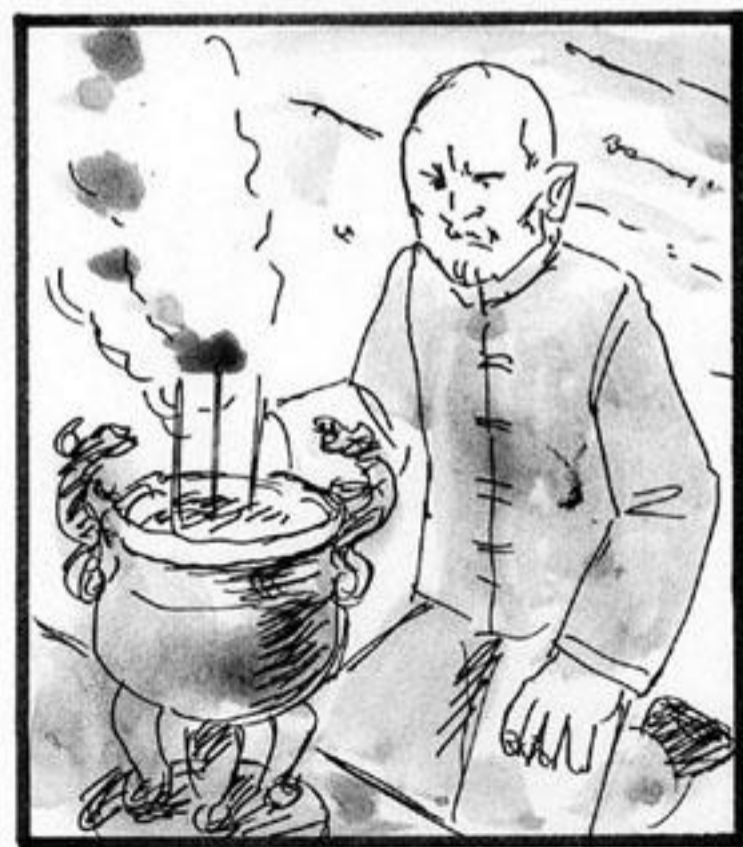

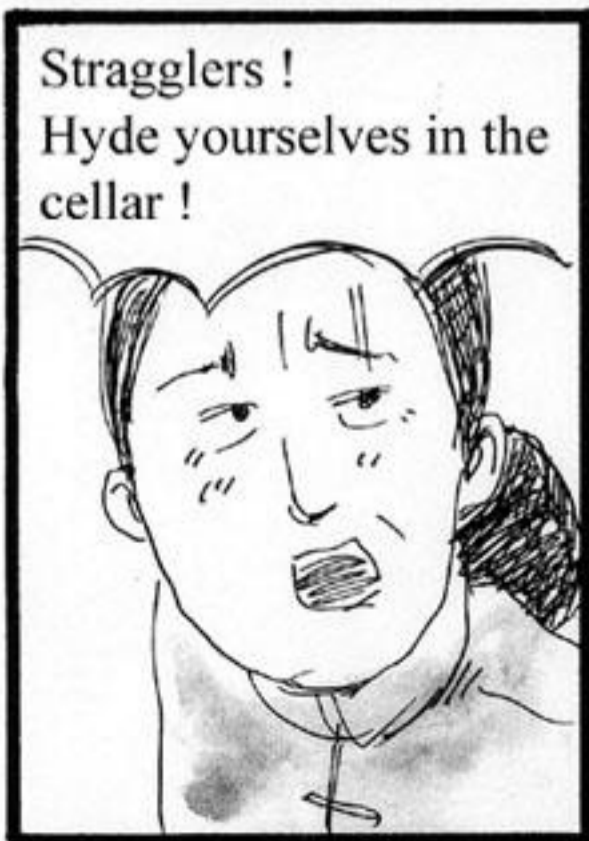

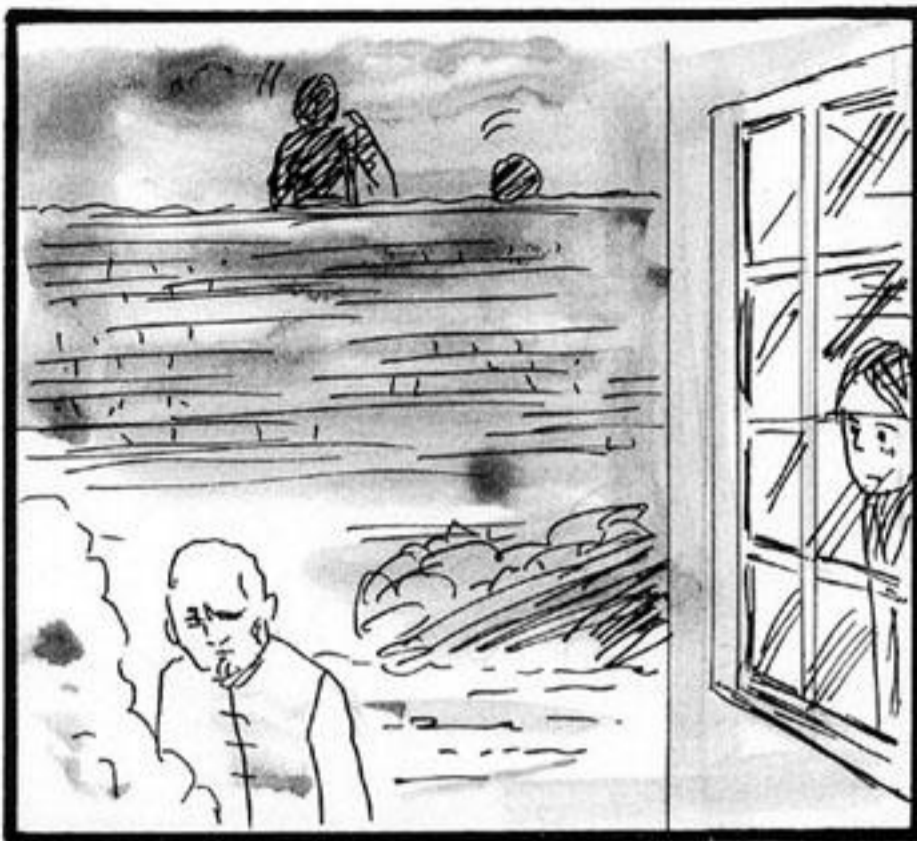

How exhilarating if I could burn the evry stinky structures inside the town-wall. We have gasolines and powders.

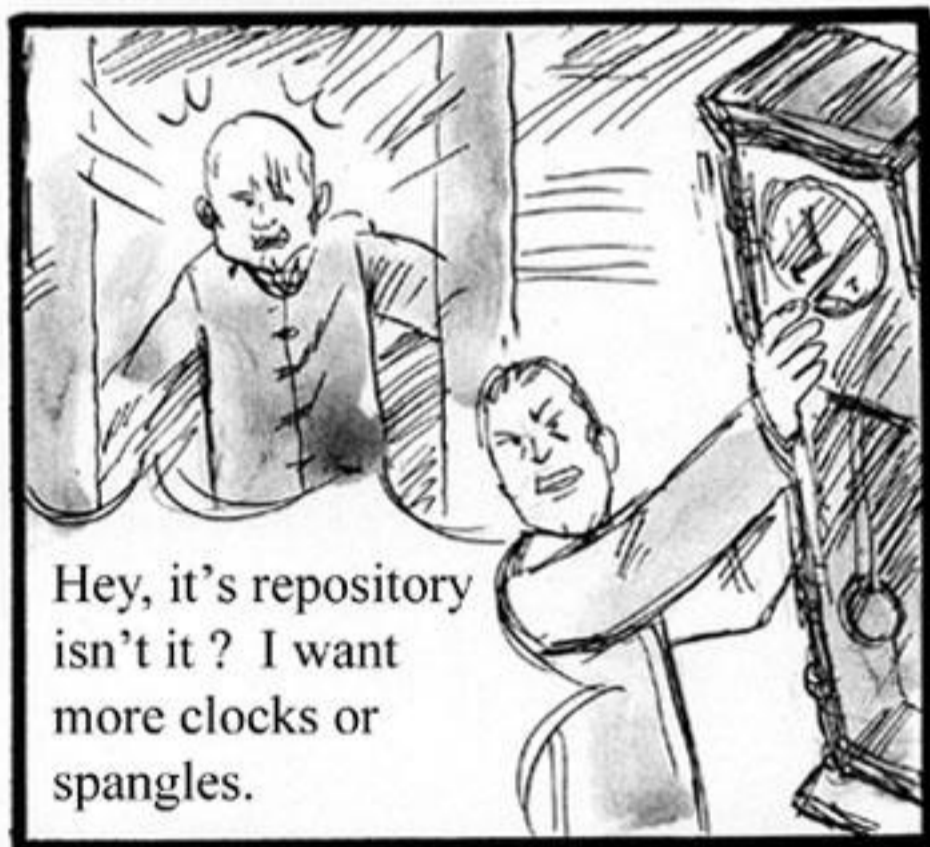

民國興亡存此一戰

VICTORY OR DIE

I,.....I saw you once at the college ceremony ! I remember ! You must be a fellow of my son. And I heard that you have joined an army and been promoted captain. Why are you in such uniform of junior members of the enlisted ranks ?

I don't know you !
Go away !

Aya ! Ayyyaaaaa !

You must tell me
where my son is !
Please !
